

# Quick Start Guide

## National Digital CAR SEAT CHECK FORM

### Use Methods

The NDCF can be used as follows:

- Web-based platform on a computer, tablet or smartphone
- Mobile app on a tablet or smartphone
- Paper form data collection, followed by data input

### Account Creation

Currently certified Child Passenger Safety Technicians and Instructors (CPSTs) can create a free NDCF account.

Begin the process at [carseatcheckform.org](https://carseatcheckform.org).

- Click on **Create New Account**.

**Welcome to the National Digital Car Seat Check Form**

**User Login**

**National Data**

The NDCF Team uses the collected data to prepare monthly statistical reports and present them on the website in standardized data dashboards. There is one National Dashboard for all users while each individual user or program manager has access to a personalized dashboard reflecting only their seat checks. CPSTs and program managers can use this data to:

1. Compile data for grants, education, and reporting requirements.
2. Document time spent conducting CPS activities.
3. Identify trends and patterns of seat use and misuse, and
4. Track seat check activity in real time.

Questions? Email [info@carseatcheckform.org](mailto:info@carseatcheckform.org)

**A copy of your CPST wallet card must be uploaded as proof of current certification. The CPST wallet card is available at [cert.safekids.org](https://cert.safekids.org) once the training is finalized.**

- Account activation and login information will be sent via email.
- Allow 1–3 business days to activate a new account.

## Mobile App Access

The mobile app is available for Apple, Android and Amazon devices.

- Visit the app store and search “car seat check form”.
- Look for the green and white car seat icon.
- The initial login to the app MUST be completed while connected to Wi-Fi.

## Practice

CPSTs are encouraged to practice with the app and web-based version of the NDCF.

- Select **Practice** in the drop-down menu for State in the Caregiver section.
